WE NEED YOUR HELP!!

Alumni events and newsletters are planned by a very small group of dedicated individuals, and quite frankly, it is not enough.

Frequently we ask for your money (an obvious necessity), but now we ask for something possibly more difficult to part with: your time.

We have an immediate need of people interested in helping in the following areas:

Alumni Board Members

These individuals meet a few times a year to plan alumni events and coordinate activities with the Chapter and Alumni.

Assistant Chapter Advisor

This individual should have a strong sense of responsibility and be in the New Brunswick area. They should plan to attend Chapter meetings (usually on Sundays).

Decade Chairpeople

Are you still in touch with alumni from your time at Rutgers? We are searching for individuals willing to spread the word when we are trying to publicize alumni events.

Event Planners

Not content with the few events we plan during the year or already have events of your own? Take the initiative and let us know. We will be glad to publicize them in the Beta Deltan.

Historian/Photographers

Have a camera and at an event? Take pictures then share them with us! Have old Chapter memorabilia taking up room in the garage or attic, donate them back to the Chapter!

Supporters

Well, a number of you are already in this category (see page 4). Not everyone can donate time. For those who can't, we hope many of you can at least help out financially. Only a small percentage of our alumni base sends in donations consistently. We hope that if you are not already one of them, you will become one now, even in amounts as low as \$10-\$25. Thanks for your continued support.

State of the Chapter Address

Dear Alumni, Little Sisters, and fellow Brothers,

Hello everyone, I am Ryan Kramme the new president of the Beta Delta chapter here at Rutgers. I am very excited to have been elected to this position, and to be working with our new E-Board which is very determined and has set some high goals for our chapter.

The membership of the Beta Delta chapter currently stands at 25 active brothers and freshmen waiting to be initiated from last semester. We've been working along with the Inter-Fraternity Council to come up with new and creative recruitment techniques. On top of everything else we have many brothers who previously held an elected position all coming together to make this an amazing semester of recruitment for ZBT.

We are not just focusing on the fraternity this semester but the community as well. As you all know we participate in the Rutgers University Dance marathon, and we have many brothers participating in it once again. We also are sending brothers to the local soup kitchens to help out there when it fits into their academic schedule.

We are looking forward to seeing all of you at the Spring Mixer on March 1st this year at the basketball game and then later at Tumulty's after the game. Before the game you are welcome to come by the fraternity house which is still at 39 Mine Street at the intersection of Union Street and Mine Street. We were hoping to keep this house for the next year but sadly we could not fill it so we are moving to 66 Sicard Street for the 2009-2010 school year.

It is such an honor to be the new president of our great fraternity and I will continue to work hard as the presidents before me have to lead Zeta Beta Tau to truly great heights. We all look forward to hearing from all of you and hope to see you soon

Cordially ,Fraternally and Sincerely,
Ryan Kramme '10

News from off the Banks (Alumni News)...

1940's

We wanted to belatedly pass on condolences to Marilyn Adler, who's husband **Martin Adler ('49)**, one of the founding members of Beta Delta, passed away after a long and tough battle with cancer. He and his wife were residents of San Diego.

Sheldon Denburg ('49) writes:

"Glad to hear you guys are still in business. Study hard! Make your parents proud - improve the world!"

1950's

Irv Levine ('50), passed away last year due to cancer. He had lived in Clearwater, FL for many years, and is survived by 2 children and 2 grandchildren.

Jerry Michaelson ('50) writes to say hi to all the brothers from the late "forties" through early "fifties". Enjoying retirement, with Anita in the "Big Apple"!

Bruce Blum ('51) moved to MD in 1962 for a job w/ Johns Hopkins. He retired in 1994 and has learned to live without the work ethic. He has been married to wife Harriet for 50+ years with 2 children and 3 grandchildren.

Peter Kuker ('51) is still fairly active in the real estate field with offices (Kuker & Kessler Real Estate) in E. Brunswick and Franklin Park. He writes: "Old time classmates from Union St may remember my "date" Audrey and we now have three married kids living locally along with 5 grandchildren. Office phone number (if you're in the neighborhood) is 732-297-8282. Call and I'll buy lunch at the Rutgers Club.

Stanford Zeisel ('52) is still doing voluntary "bean counting" and "number crunching" activities in the almost 1,200 residence community where they reside.

Young Eng ('53) has been residing in CT for 2 years in Senior Housing. The "old homestead" in Long Branch was sold to the redevelopers "Broadway Arts LLC". Yes, there was eminent domain involved if there was no transaction. Thank God, all this occurred prior to the present housing prices "melt-down"!

Gloria Linder, wrote in to tell us that her husband **Robert Linder ('55)** passed away February 20, 2007.

1960's

Stanley Anderman ('65) passed away at his home in New York City in March of 2001 after a two year fight with cancer. Stan's life reflected his commitment to public service, social justice and education; for many years he held leadership positions with the Anti Defamation League of B'nai B'rith, Jewish Federation, Jewish Family Services, and Alpha Home Services and served as an adjunct professor at St. Louis University, the State University of New York, Sacred Heart University and St. Louis Community College.

Edward Linky, Esq ('67) was appointed visiting Research Scholar City University of New York Graduate Center.

1970's

Martin J. Bressler ('70) passed away on September 8, 2001. At the time of his death from bladder cancer at the age of 53, he had been married to wife Jane for 21 years and had three children -- Amy Lauren Bressler, Lee Alexander Bressler and Scott Zachary Bressler. If he were alive today, he would have two grandsons as well.

Julius B. Isakson ('70) is now 61 as most of his class. He has been working as the Site Manager for SI Intl in Williamsburg, KY, where he has been since 2003. He writes: "I expect to keep working as long as I am healthy. I love living in Kentucky. I saw Michael Barker, Dan Samo and others in 2005. Everyone looked great. My personal email is Jbisakson@aol.com."

Mark Berman's ('73) oldest daughter is finishing her doctorate in physical therapy at USC (which may come in handy in a few more years!) and his younger daughter is in first grade! Life with lovely wife Lynn Simon is keeping us happy and busy.

Gary Sedan ('76) has been living out in Door County, Wisconsin these days, where he is the President of Made In Britain, Ltd, selling a wide variety of British goods. Get in touch with him via email at gsedan@dcwis.com.

1980's

Corey Zucker ('85) recently left Soft Coin to become VP of Business Development at Real Time Media. Cindy & the boys are great!

1990's

David Schecter ('99) married Cheryl Levitt on August 17th, 2008 at Congregation B'nai Tikvah in North Brunswick.

2000's

Jeremy Janis ('00) married Erica Walters on November 2, 2008.

Sebastian Leitich ('00) married his wife Malgorzata in August 2008. They currently live in Poland.

Rob Linden ('00) and his wife Val live down in Philadelphia with their son Isaac. He is currently in his fifth out of six years of residency.

Steve Springer ('02), wife Ariella and daughter Evelyn have moved closer to R.U., where Ariella is a PhD student, buying a house in Highland Park. Steve now works in NYC, and Evelyn loves her new school!

Russell Wardlow ('03) recently started working for FedEx M-F 11:30pm - 2:30am.

Matthew Malat ('08) recently took a job as a Research Assistant with the New Jersey General Assembly. He works for the Assembly Republican Office, focusing on Economic Growth and Commerce. In addition to those responsibilities, he also works on Consumer Affairs, which goes hand-in-hand nicely with Commerce.
